### **DETAILED ACTION**

1. This communication is responsive to Amendment filed 06/27/2005.
2. Claims 1-27 are pending in this application. Claims 1, 15, and 25 are independent claims. This Office Action is made final.

#### ***Claim Rejections - 35 USC § 101***

3. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

4. Claim 24 is rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Claim 24 clearly recites a computer readable media but fails to limit the media to physical or tangible media. In order for such a computer program product implementing an underlined process to be statutory, the claim must include in a tangible media.

However, it is clear from the claim that the computer readable medium is not tangible medium as carrier wave transmission in claim 24. Therefore, claim 24 is clearly directed to a non-statutory subject matter.

#### ***Allowable Subject Matter***

5. Claims 1-23 and 25-27 are allowed.

***Response to Arguments***

6. Applicant's arguments filed 06/27/2005 have been fully considered but they are not persuasive.

a. The applicant argues in pages 12-13 for claim 24 that the computer readable media is a physical media as cited in the claim such as at least one of a computer network, a point-to-point telecommunication system, and carrier wave transmission media.

The examiner respectfully submits that computer readable medium comprising a transmission medium as computer network, a P-t-P system, or carrier wave transmission media is non-statutory. The carrier wave transmission media is considered as a non-tangible media.

***Conclusion***

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 2193

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
